The fact is that the Secretary of War is

not a military officer at all. He is simply the head of one of the executive departments, and, in that capacity, he re-

flects the will of the President, and transmits the orders of the Commander-in-Chief, to his subordinate officers, just as

General Grant that this authority is withheld. In persisting in obeying the orders of the Secretary of War, it is, therefore, clear that the General of the

army contumaciously disobeys the con-

mating their revolutionary plans. It is the undisguised confession of a design

to usurp control of the War Department and of the army, not to aid the Execu-

branch of the Government, to establish a

Congressional despotism, and to perpetu-ate the ascendancy of the Radicals by violence and fraud. General Grant thus

identifies himself with the worst phases of Radical rebellion against the Consti-

PRIZE NO. 1.—The celebrated RALEIGH MINERAL SPRINGS, situated on the confines of Raleigh, late county seat of Shelby county. Tenn., nine miles northeast of Memphis, and two miles from We'ls' station, on the Memphis and Louisville railroad. These Springs are six in number, of various mineral and medicinal qualities, and are visited every Summer by thousands of cekers of health and pleasure, from all quarters of the country. They are within a few stens of the village of Raleigh, in a beautiful valley, and also within a few hundred feet of Wolf river, which wind a around the base of the eminence on which the village of Raleigh is situated, and empties into the "F ther of Waters" at Memphis. Numerous remarkable cures of various diseases have been experienced by sojourners at this health-inspiring retreat, and the present proprietor. Col. J. M. Coloman, can produce hundreds of certificates of cures in cases which had been entirely given over by medical skill. The ground surroundins the Springs, and in fact the entire village of Raleigh, rises to an eminence of pure air, and is an emarkable for its healthfulnes as beauty of location. The Springs are in fine order, never failing, and are designated as follows:

Freestone Spring

The place has never been visited by epidemie of any kind, and peculiarly characteristic of its healthfulness is the longevity of the inhabitants. The oldest citizens of Shelby county are residents of Raleigh.

The Springs are as much resorted to by pleasure-seekers as by invalids, owing to beauty of sconery and various artificial as well as natural attractions. Gennected with the springs are a Pavilion, Ladies' Bowling Alley, Rustic Arbors, Reading Saloon, Gents' Bowling Alley, Saloon, Billiard Room, Gymnasiums, Refreshment Tables, etc., while Well river affords excellent Boating and Fishing.

The ground accompanying the Springs, in the above scheme and included in the First Prise, is litteen acres in extent, overlooking the valley, and affords in addition to a magnificent site for a grand hotel and other buildings, spiendid facilities fra park, promenades, etc.

An analysi of the several springs, by distinguished medical men, shows that they are unsurpassed in mineral and curative properties by any in the United States. There is no reason then why Releigh should not become as famous as Saratora. Sharon or Lebanon, and as largely patronized. It needs only capital and enterprise to accomplish this end.

A charter is before the State Legislature for the neorporation of the Springs, and a movement has been inaugurated looking to direct rail communication with Memphis.

For this prize, \$20,000 was recently offered, which was declined, in order that the above scheme may be fully carried out.
